# Sheila Osborne

**Email:** joshua36@example.com
**Location:** Lake Davidchester

## Summary

Dedicated and passionate programmer with a strong foundation in web development and cloud technologies. Proven ability to design and implement robust applications using **Django** and containerization tools like **Docker** and **Kubernetes**. Aiming to leverage my skills in a challenging role that fosters growth and innovation.

## Experience

### Software Developer

**Tech Innovators Inc.** - Lake Davidchester, IL
*June 2021 - Present*
- Designed and implemented a **Microservices Architecture** for a scalable e-commerce platform, improving system reliability by 30%. - Developed a **Real-time Chat System** using **Django** and **Node.js**, enabling seamless communication for over 5,000 active users. - Collaborated with cross-functional teams to adopt Agile methodologies, resulting in a 25% increase in project delivery speed. - Utilized **Docker** for containerization, streamlining the deployment process and reducing environment setup time by 40%.

### Junior Developer

**NextGen Solutions** - Lake Davidchester, IL
*January 2019 - May 2021*
- Assisted in the development of RESTful APIs using **Go** and **Django**, improving data retrieval speeds by 20%. - Managed version control using **Git**, ensuring smooth

collaboration across multiple teams. - Contributed to the container orchestration process with **Kubernetes**, enhancing application scalability and resilience.

---

# Skills

- **Python**: Beginner
- **Django**: Advanced
- **Docker**: Intermediate
- **Kubernetes**: Intermediate
- **Git**: Intermediate
- **Go**: Intermediate
- **Node.js**: Intermediate

---

# Projects

### Microservices Architecture

- Led the design and implementation of a microservices-based architecture for an e-commerce application.
- Achieved a 30% enhancement in system performance and reduced downtime by 15% through effective service management.

### Real-time Chat System

- Developed a real-time messaging platform using Django and Node.js, facilitating instantaneous communication for users.
- Successfully onboarded over 5,000 users within the first three months of launch.

---

# Certifications

- **Scrum Master Certification** - Certified Scrum Alliance, 2020
- **Microsoft Azure Developer** - Microsoft, 2021

- **Certified Kubernetes Administrator** - Cloud Native Computing Foundation, 2022

---

# Education

**Bachelor of Science in Computer Science**
**Lake Davidchester University** - Lake Davidchester, IL
*Graduated: May 2018*
- Relevant Coursework: Software Development, Cloud Computing, Data Structures and Algorithms, Web Technologies
- Capstone Project: Developed a cloud-based inventory management system that reduced processing time by 50%.

---

# Interests

- Cloud computing and container orchestration
- Open-source contributions and community engagement
- Continuous learning through online courses and tech meetups

---
