Summary

Experienced programmer with 10 years in software development, specializing in web applications and payment processing systems. Proficient in JavaScript, React, and Next.js, with a strong background in PyTorch. Notable soft skills include adaptability, Scrum methodology, cross-functional communication, public speaking, and conflict resolution.

Education

M.Sc. in Software Engineering

Technical University of Munich

- **Rank:** #20
- **GPA:** 3.87

Skills

- **JavaScript:** Intermediate (3 years)
- **React:** Intermediate (3 years)
- **Next.js:** Expert (10 years)
- **PyTorch:** Advanced (5 years)

Soft Skills

- Adaptability
- Scrum
- Cross-functional Communication
- Public Speaking
- Conflict Resolution

Languages

- **English:** C2

Certifications

- **Scrum Master Certification**
  Score: 914, Exp: 2027-08-02

- **Docker Certified Associate**
  Score: 737, Exp: 2027-01-29

- **Google Cloud Professional**
  Score: 755, Exp: 2026-08-11

Experience

Senior Software Engineer

FinTech Company (Enterprise)
2018 - Present
- Led the development of a **Web Application** that streamlined financial transactions for users, implementing features using Next.js and React. - Collaborated with cross-functional teams to enhance the **Payment Processing System**, ensuring compliance with industry standards and improving transaction speed by 30%. -

Implemented Agile methodologies, facilitating Scrum meetings and improving team productivity through effective conflict resolution.

Software Developer

E-commerce Startup
2015 - 2018

- Developed robust features for an online marketplace using JavaScript and React, contributing to a 25% increase in user engagement. - Worked closely with product managers to gather requirements and deliver a **Web Application** that met customer needs while adhering to tight deadlines. - Enhanced the application performance through code optimization and regular updates, resulting in improved user satisfaction.

Junior Developer

Tech Solutions Company (Startup)
2013 - 2015

- Assisted in the development and maintenance of various web applications, focusing on user interface design and functionality. - Gained experience in using PyTorch for machine learning projects, leading to the successful deployment of predictive models. - Participated in team meetings and contributed ideas that shaped project direction and team collaboration.
