- **Node.js:** Intermediate (3 years)
- **C++:** Beginner (1 year)
- **Vue.js:** Intermediate (3 years)
- **Angular:** Advanced (4 years)
- **JavaScript:** Intermediate (3 years)

• **Docker:** Advanced (4 years)

Soft Skills

  • Problem Solving
  • Cross-functional Communication
  • Adaptability
  • Agile Methodology
  • Conflict Resolution

Languages

  • **English:** C2
  • **Polish:** Native

Certifications

  • **AWS Certified Solutions Architect**
  • **Score:** 922
  • **Expiration Date:** 2026-08-15

Experience

Full Stack Developer

Tech Solutions Inc. (FinTech, Startup)
June 2021 - Present
- Developed a **Data Analytics Dashboard** using Angular and Node.js, improving data visualization and accessibility for clients. - Collaborated with cross-functional teams to implement agile methodologies, leading to a 30% increase in project delivery speed. - Enhanced system performance and scalability using Docker for containerization.

Software Engineer

Innovate Chat (Communication, Enterprise)
May 2019 - May 2021
- Designed and implemented a **Real-time Chat System** with Vue.js and Django, facilitating seamless communication for users. - Conducted code reviews and mentored junior developers, fostering a culture of continuous improvement and knowledge sharing. - Utilized problem-solving skills to troubleshoot and resolve complex issues, reducing downtime by 25%.

Junior Developer

Web Creations (E-commerce, Startup)
January 2018 - April 2019
- Assisted in the development of web applications using JavaScript and C++, contributing to multiple projects from concept to deployment. - Participated in team meetings and contributed to discussions on software architecture and best practices, improving team collaboration.
