Hourly Rate: $93/hr

Total Experience: 14 years

Education

B.Sc. in Computer Science

Technical University of Munich

Rank: #20, GPA: 3.86

Summary

Experienced programmer with 14 years in the tech industry, specializing in software development and machine learning. Strong strategic planning and public speaking abilities, coupled with extensive experience in Agile methodologies like Scrum.

Skills

- **Go:** Intermediate (3 years)
- **Vue.js:** Advanced (5 years)
- **MongoDB:** Advanced (5 years)
- **Machine Learning:** Expert (9 years)
- **Redis:** Expert (7 years)

Soft Skills

- Strategic Planning
- Scrum
- Public Speaking

Languages

- English (Native)
- Spanish (B2)

Certifications

- (Add any relevant certifications here)

Experience

Senior Software Engineer

Company: Tech Innovations Ltd.
Industry: FinTech
Size: Enterprise
Duration: 2018 - Present

- Led the development of a **Microservices Architecture** that improved system scalability and reduced downtime by 30%.
- Designed and implemented a **Machine Learning Pipeline** for predictive analytics, enhancing customer insights and decision-making processes.
- Collaborated with cross-functional teams to deploy a **Real-time Chat System**, improving customer engagement and support response times.

Software Developer

Company: Creative Solutions Inc.
Industry: SaaS
Size: Startup
Duration: 2013 - 2018

- Developed a robust **Content Management System** using Vue.js and MongoDB, resulting in a 50% increase in content delivery speed.
- Integrated Redis for caching mechanisms that improved application performance and reduced load times significantly.
- Participated in Agile development processes, contributing to sprint planning and retrospectives, ensuring timely delivery of project milestones.

Junior Programmer

Company: Data Systems Co.
Industry: Data Analytics
Size: Medium
Duration: 2009 - 2013

- Assisted in the development of data processing applications utilizing Go, improving data handling efficiency.
- Engaged in machine learning projects, contributing to model training and evaluation, which enhanced our data prediction capabilities.
- Supported the team in maintaining high-quality code through code reviews and testing practices.
