Summary

Seasoned programmer with **6 years** of experience in software development, specializing in backend technologies and data analytics. Known for strong **cross-functional communication**, effective **public speaking**, and high **adaptability** in fast-paced environments.

Education

- **M.Sc. in Software Engineering**
  Warsaw University of Technology
  Rank: #50, GPA: 3.84

Skills

- **Go**: Advanced (6 years)
- **C++**: Beginner (1 year)
- **Django**: Beginner (1 year)
- **JavaScript**: Intermediate (3 years)
- **Docker**: Advanced (5 years)

Soft Skills

- Cross-functional Communication
- Public Speaking
- Adaptability

Languages

- English: C1
- Spanish: B1
- German: B2

Certifications

- **Certified Kubernetes Administrator**
  Score: 847, Expiry: 2027-07-05

Experience

Software Engineer

E-commerce Platform | Startup
June 2020 - Present
- Developed a scalable backend using **Go** for a high-traffic e-commerce platform, improving response time by 30%. - Implemented containerized microservices with **Docker**, enhancing deployment efficiency and system reliability. - Collaborated with cross-functional teams to design a Data Analytics Dashboard, facilitating real-time insights into customer behavior.

Junior Developer

Data Analytics Dashboard | Enterprise
January 2018 - May 2020
- Assisted in the development of a comprehensive data analytics dashboard using

JavaScript and **Django**, which streamlined data processing for internal stakeholders. - Participated in code reviews and maintained documentation to ensure compliance with best practices and coding standards. - Engaged in various public speaking events to present project updates and gather feedback from stakeholders.

Intern Developer

Tech Solutions Inc. | Startup
June 2017 - December 2017
- Supported the development team in creating internal tools using **C++**, gaining hands-on experience in software engineering fundamentals. - Contributed to team meetings, enhancing my skills in **cross-functional communication** and project planning.
