- English (C1)
- German (B1)

Certifications

- **Docker Certified Associate**
  Score: 825, Exp: 2028-11-24

- **AWS Certified Solutions Architect**
  Score: 749, Exp: 2026-04-07

- **Certified Kubernetes Administrator**
  Score: 982, Exp: 2027-01-26

Experience

Senior Software Engineer

E-commerce Platform
Industry: E-commerce | Size: Enterprise
Years: 5

- Led the development of a high-traffic e-commerce application, improving the user experience and increasing sales by 30% through effective use of microservices architecture.

- Collaborated with cross-functional teams to integrate new payment gateways and optimize backend services, resulting in a 20% reduction in transaction processing time.
- Mentored junior developers, fostering a culture of continuous learning and agile practices within the team.

Software Developer

Mobile App
Industry: Technology | Size: Startup
Years: 4

- Developed and maintained a mobile application that garnered over 1 million downloads, focusing on enhancing the user interface and performance.
- Implemented a robust backend using microservices architecture, enabling scalable features and smoother user interactions.
- Participated in daily Scrum meetings and contributed to strategic planning sessions, improving project delivery timelines.

Full Stack Developer

Content Management System
Industry: Media | Size: Enterprise
Years: 5

- Designed and implemented a content management system that streamlined content publishing processes, leading to a 40% increase in editor productivity.
- Utilized cloud services to deploy and manage applications, ensuring high availability and security.
- Conducted public speaking sessions to educate stakeholders on the benefits of the new system and gathered feedback for future improvements.
