Location: Bradleyville

Hourly Rate: $128/hr

Total Experience: 3 years

Summary

Results-driven programmer with 3 years of experience in software development and a strong foundation in data science. Proficient in Go, PostgreSQL, and Kubernetes, with a proven ability to solve complex problems and adapt to changing environments. Demonstrated skills in conflict resolution and effective communication.

Education

B.Sc. in Computer Science

University of Oxford

- **Rank:** #5
- **GPA:** 3.73

Skills

- **Go:** Intermediate (3 years)
- **PostgreSQL:** Intermediate (2 years)
- **Data Science:** Intermediate (3 years)
- **Kubernetes:** Intermediate (2 years)
- **Terraform:** Intermediate (2 years)

Soft Skills

- Problem Solving
- Adaptability
- Conflict Resolution

Languages

- **English:** C1

Experience

Software Developer

Company: FinTech Innovations
Industry: FinTech
Size: Startup
Duration: June 2021 - Present
- Developed a web application for managing user transactions, which improved transaction processing time by 30%.
- Collaborated on an API gateway implementation that facilitated seamless integration with third-party payment processing systems.
- Utilized Go and PostgreSQL to enhance system performance and scalability.

Data Engineer

Company: Data Solutions Co.
Industry: Data Analytics
Size: Enterprise
Duration: May 2020 - May 2021
- Designed and implemented a payment processing system that supported various payment methods, increasing user satisfaction by 25%.
- Worked with Kubernetes for container orchestration, ensuring smooth deployment and management of applications in a cloud environment.

- Employed Terraform for infrastructure as code (IaC), enabling rapid provisioning of development environments.
