Location: Sheliahaven

Hourly Rate: $149/hr

Total Experience: 6 years

Summary

Dedicated programmer with **6 years** of experience in software development. Skilled in **Problem Solving**, **Team Leadership**, **Conflict Resolution**, and **Scrum** methodologies. Proficient in multiple programming languages and frameworks, with a strong focus on delivering high-quality solutions.

Education

B.Sc. in Computer Science
ETH Zurich, Switzerland
Rank: #9, GPA: 3.49

Skills

- **C++**: Intermediate (2 years)
- **Rust**: Intermediate (2 years)
- **Angular**: Advanced (4 years)
- **Next.js**: Advanced (4 years)
- **Redis**: Advanced (4 years)
- **MongoDB**: Advanced (4 years)

Soft Skills

- Problem Solving
- Team Leadership
- Conflict Resolution
- Scrum

Languages

- English (C2)
- German (B2)

Certifications

(No certifications listed)

Experience

Software Engineer

E-commerce Platform
Industry: E-commerce | Size: Startup
2019 - Present
- Developed and maintained a scalable e-commerce platform using **Angular** and **Next.js**, enhancing user experience and increasing customer engagement by 30%. - Implemented a **Redis** caching solution that improved data retrieval speeds by 50%. - Collaborated with cross-functional teams in an Agile environment to deliver high-quality software products.

Backend Developer

Mobile App
Industry: Mobile Development | Size: Enterprise
2017 - 2019

- Designed and implemented RESTful APIs for a mobile application, ensuring seamless integration with front-end components. - Utilized **MongoDB** for data storage, optimizing database queries to enhance application performance. - Conducted code reviews and mentored junior developers, fostering a culture of continuous improvement.

Full Stack Developer

API Gateway

Industry: FinTech | Size: Startup

2016 - 2017

- Developed an API gateway that streamlined data communication between various microservices, significantly improving system efficiency. - Employed **Rust** for performance-critical components, reducing latency by 40%. - Worked closely with product managers to define project scope and deliverables, ensuring alignment with business goals.
