Frank Fisher

Email: nelsonscott@example.com
Location: West Elizabethport

Summary

Dynamic and passionate programmer with a strong foundation in full-stack development and a keen interest in cloud technologies and data science. Proven ability to develop and deploy scalable applications using modern frameworks and tools. Committed to continuous learning and applying new skills to solve complex problems efficiently.

Experience

Software Developer

Tech Innovations Inc. - West Elizabethport, NJ
January 2021 - Present
- Developed a **Content Management System** that improved content publishing efficiency by **30%** using **Vue.js** and **Redis**. - Collaborated with cross-functional teams to implement **DevOps** practices, reducing deployment times by **40%** through automation and continuous integration. - Contributed to a **Machine Learning Pipeline** project that enhanced data processing speed by **25%**, utilizing cloud services and containerization with **Docker**.

Junior Developer

Web Solutions Co. - West Elizabethport, NJ
June 2019 - December 2020
- Assisted in building and maintaining web applications using **Vue.js**, leading to a **20%** increase in user engagement. - Gained practical experience with **Git** for version control during collaborative projects, ensuring seamless team integration. -

Participated in DevOps initiatives, learning the basics of **Kubernetes** and contributing to container orchestration tasks.

Skills

- **Vue.js:** Advanced
- **DevOps:** Advanced
- **Redis:** Advanced
- **Kubernetes:** Beginner
- **Data Science:** Beginner
- **Git:** Beginner

Projects

Content Management System

- **Description:** Developed a responsive CMS that allows users to create, manage, and publish content efficiently.
- **Technologies:** Vue.js, Redis, Docker.
- **Achievements:** Streamlined content publishing workflow, resulting in a **30%** increase in efficiency.

Machine Learning Pipeline

- **Description:** Created a data processing pipeline capable of handling and analyzing large datasets for machine learning applications.
- **Technologies:** Python, Azure Services, Docker.
- **Achievements:** Improved data processing speed by **25%**, enabling faster insights and decision-making.

Certifications

- **Microsoft Azure Developer** - 2022
- **Docker Certified Associate** - 2021
- **Google Cloud Professional** - 2023

Education

Bachelor of Science in Computer Science
State University - West Elizabethport, NJ
Graduated: May 2019
- Relevant Coursework: Software Development, Cloud Computing, Data Structures, and Algorithms.

Additional Information

- Passionate about open-source projects and regularly contribute to community-driven initiatives.
- Actively participate in local tech meetups and hackathons to enhance skills and network with industry professionals.
