Total Experience: 12 years

Education

M.Sc. in Software Engineering

Massachusetts Institute of Technology (MIT)

Rank: #1, GPA: 3.47

Summary

Dynamic and results-driven programmer with **12 years** of experience in the software development industry. Proven expertise in **cross-functional communication**, **problem solving**, and **strategic planning**. Adept at delivering high-quality software solutions and managing complex projects.

Skills

- **Spring Boot:** Expert (8 years)
- **Python:** Advanced (5 years)
- **Data Science:** Expert (8 years)
- **PostgreSQL:** Intermediate (3 years)
- **Git:** Expert (11 years)
- **Terraform:** Expert (11 years)

Soft Skills

- Cross-functional Communication
- Problem Solving
- Strategic Planning

Languages

- **English:** C1

Certifications

(No certifications listed)

Experience

Senior Software Engineer

Tech Innovations, FinTech | Startup
January 2020 - Present
- Developed a **Web Application** leveraging **Microservices Architecture**, which improved transaction processing speed by 30%. - Designed and implemented a **Real-time Chat System** for customer support that enhanced user engagement and satisfaction ratings. - Collaborated with data science teams to integrate predictive analytics into existing systems, using **Python** and **PostgreSQL**.

Software Developer

NextGen Solutions, E-commerce | Enterprise
June 2015 - December 2019
- Led the development of a **Mobile App** that increased customer retention by 25% through personalized user experiences. - Implemented an **API Gateway** that streamlined communication between various microservices, reducing API response

times significantly. - Utilized **Git** for version control and collaboration within a cross-functional team of developers and designers.

Junior Developer

CodeCraft, HealthTech | Startup

February 2011 - May 2015

- Assisted in the creation of a **Web Application** focused on patient management, resulting in a 40% reduction in administrative workload. - Contributed to the development of a **Microservices Architecture** that improved the scalability of the application. - Gained foundational experience in using **Terraform** for infrastructure management.
