- **Microsoft Azure Developer** (Score: 872, Exp: 2026-09-29)
- **Docker Certified Associate** (Score: 840, Exp: 2027-05-08)

Experience

Senior Software Engineer

Company: Tech Solutions Inc.
Industry: FinTech
Size: Enterprise
Duration: 2016 - Present

- Led the development of a **Machine Learning Pipeline** that improved data processing efficiency by 30%.

- Collaborated with cross-functional teams to design and implement a scalable **Content Management System**, enhancing user experience and reducing load times.
- Implemented Agile methodologies and served as a mentor for junior developers, fostering a culture of continuous improvement.

Software Developer

Company: Innovatech
Industry: E-commerce
Size: Startup
Duration: 2012 - 2016

- Developed and maintained features for an e-commerce platform using **Angular** and **Vue.js**, resulting in a 25% increase in customer engagement.
- Designed database schemas and wrote complex queries in **PostgreSQL** to support dynamic reporting and data analysis.
- Participated in daily stand-ups and sprint planning sessions as part of the Scrum team to ensure timely project delivery.

Junior Programmer

Company: NextGen Software
Industry: Tech
Size: Startup
Duration: 2011 - 2012

- Assisted in the development of internal tools using **C++** and **Java**, optimizing workflows for the development team.
- Conducted debugging and troubleshooting for various software applications, improving overall application stability.
- Engaged in peer code reviews and contributed to team knowledge sharing sessions.
