Location: Grimesfort

Summary

Dynamic and results-driven programmer with over 8 years of experience in developing robust applications and microservices. Proficient in a variety of programming languages and frameworks, including Go and FastAPI, with a proven ability to implement innovative solutions that enhance operational efficiency. Passionate about leveraging cloud technologies and DevOps practices to drive success in fast-paced environments.

Experience

Senior Software Engineer

Tech Innovations Inc. — Grimesfort, TX
January 2020 - Present
- Led the development of a **Mobile App** using Vue.js and FastAPI, resulting in a 30% increase in user engagement and a 20% rise in revenue within the first quarter post-launch. - Designed and implemented a **Microservices Architecture** that improved system scalability and reduced downtime by 25%. - Collaborated with cross-functional teams to deploy applications on AWS, utilizing CI/CD pipelines and Kubernetes orchestration. - Mentored junior developers, enhancing team productivity and knowledge sharing.

Software Developer

NextGen Solutions — Grimesfort, TX
June 2016 - December 2019

- Developed high-quality applications using **Java**, **Node.js**, and **Django**, contributing to a 15% improvement in project delivery timelines. - Played a key role in migrating legacy systems to a cloud-based infrastructure on AWS, improving deployment efficiency by over 40%. - Implemented DevOps practices, including automated testing and deployment strategies, which reduced bugs in production by 35%.

Skills

- **Go** (Expert)
- **Kubernetes** (Expert)
- **AWS** (Expert)
- **FastAPI** (Advanced)
- **Vue.js** (Advanced)
- **Java** (Advanced)
- **Node.js** (Advanced)
- **Django** (Advanced)
- **Angular** (Intermediate)
- **DevOps** (Intermediate)
- **Data Science** (Beginner)

Projects

- **Mobile App**
  Developed a cross-platform mobile application using Vue.js and FastAPI, which streamlined user interactions and increased customer satisfaction by 40%.

- **Microservices Architecture**
  Architected and deployed a microservices-based system that improved application performance and reduced response times by 50% across various services.

Certifications

- **Docker Certified Associate**
- **Scrum Master Certification**
- **AWS Certified Solutions Architect**

Education

Bachelor of Science in Computer Science
University of Grimesfort — Grimesfort, TX
Graduated: May 2016
- Specialized in Software Engineering and Cloud Computing.
- Completed capstone project focusing on distributed systems, achieving recognition at the university's tech fair.

Interests

- Passionate about open-source development and contributing to community projects.
- Enjoys solving algorithmic challenges and participating in hackathons.
