Summary

Dynamic and detail-oriented software developer with expertise in building scalable web applications and a passion for innovative solutions. With a strong foundation in **Node.js** and **Flask**, I thrive in collaborative environments and have a proven track record of delivering high-quality projects on time. My commitment to continuous learning has led me to acquire skills in **DevOps** and various database technologies. I am looking to leverage my technical skills and experience in a challenging role where I can contribute to impactful projects.

Experience

Senior Full Stack Developer
Tech Innovations Inc., Hoganport
June 2020 - Present

- Led a team of 5 developers to create a **Content Management System** that improved content deployment speed by 40%, resulting in a more efficient workflow for the marketing team.
- Developed an **E-commerce Platform** utilizing **Node.js** and **Flask**, enhancing user experience and increasing sales by 25% in the first quarter post-launch.
- Implemented CI/CD pipelines using Docker, improving deployment efficiency by 60% and reducing downtime during updates.

Junior Developer

Bright Solutions Ltd., Hoganport

January 2018 - May 2020

- Collaborated on a **Data Analytics Dashboard** project that provided critical insights for clients, leading to a 30% increase in user engagement.
- Assisted in the development of a **Real-time Chat System** using **Node.js**, effectively facilitating communication for over 1,000 users simultaneously.
- Gained foundational experience in **MySQL**, optimizing database queries that improved data retrieval times by 20%.

Skills

- **JavaScript:** Intermediate
- **Node.js:** Expert
- **MySQL:** Beginner
- **Flask:** Expert
- **DevOps:** Intermediate

Projects

- **Content Management System:** Spearheaded the design and implementation of a CMS that supports multimedia content, increasing user adoption rates and reducing publication errors.

- **E-commerce Platform:** Developed a feature-rich platform with integrated payment gateways, achieving a significant boost in conversion rates and customer satisfaction.

- **Data Analytics Dashboard:** Engineered a dashboard that visualizes key performance metrics, empowering stakeholders with actionable insights and enabling data-driven decisions.

- **Real-time Chat System:** Created a real-time communication tool that streamlined customer support interactions, contributing to enhanced client feedback and satisfaction.

Certifications

- **Google Cloud Professional**

  Achieved certification in cloud architecture, demonstrating advanced skills in cloud-based application development.

- **Scrum Master Certification**

  Certified Scrum Master, proficient in agile methodologies and effective team collaboration techniques.

- **Docker Certified Associate**

  Validated expertise in containerization and orchestration, enhancing deployment processes and system scalability.

Education

Bachelor of Science in Computer Science

University of Hoganport

Graduated: May 2017

- Relevant Coursework: Web Development, Database Systems, Software Engineering, Cloud Computing
