Location: Woodview

Hourly Rate: $121/hr

Summary

Dedicated programmer with **7 years of experience** in software engineering. Proficient in **strategic planning**, **cross-functional communication**, and **team leadership**. Demonstrated expertise in developing robust applications and managing complex projects.

Education

M.Sc. in Software Engineering

Warsaw University of Technology

Rank: #50, GPA: 3.68

Skills

- **PostgreSQL**: Advanced (6 years)
- **Machine Learning**: Intermediate (2 years)
- **PyTorch**: Intermediate (3 years)
- **Kubernetes**: Advanced (4 years)

Soft Skills

- Strategic Planning
- Cross-functional Communication
- Team Leadership

Languages

- English (C2)
- French (B2)

Certifications

- **Docker Certified Associate**: Score 778 (Exp: 2028-04-19)
- **Scrum Master Certification**: Score 735 (Exp: 2027-05-23)
- **Certified Kubernetes Administrator**: Score 977 (Exp: 2027-06-09)

Experience

Software Engineer

Tech Innovations Inc. (Enterprise, FinTech)
Jan 2020 - Present
- Developed a comprehensive **Content Management System** that improved content delivery efficiency by 30%. - Collaborated with cross-functional teams to implement advanced data analytics features using **PostgreSQL** and **Kubernetes**. - Led a team of 5 developers in agile practices, ensuring timely delivery of project milestones.

Machine Learning Engineer

Mobile Solutions Ltd. (Startup, Mobile App Development)
Jun 2017 - Dec 2019
- Designed and implemented machine learning models for a **Mobile App** that enhanced user engagement by 25%. - Utilized **PyTorch** for developing predictive

algorithms, optimizing application performance. - Conducted user testing and feedback sessions to refine app features and improve user experience.

Backend Developer

Cloud Tech Services (Enterprise, Cloud Solutions)
Jan 2016 - May 2017
- Engineered backend solutions for various cloud applications using **PostgreSQL** and containerization with **Docker**. - Contributed to the migration of legacy systems to modern cloud infrastructures, improving scalability and performance. - Collaborated with frontend developers to create seamless integration between backend services and user interfaces.
